

SWING CHIC FOUNDATION

2026 THIRD QUARTER NEWSLETTER | MAKING GOLF INCLUSIVE

FROM EXPERIENCES TO OPPORTUNITIES

The third quarter brought exciting growth for Swing Chic Foundation as we expanded inclusive golf opportunities for children and girls. From a successful autism putting experience to new sustained programming, another LPGA Girls Golf season, and grant support, our mission continues to move forward.

AUTISM PUTTING EXPERIENCE

August 8 | Wolf Creek Golf Club

Children on the autism spectrum were welcomed to explore putting in a supportive, encouraging environment. The experience focused on participation at each child's pace while building confidence, new skills, and a sense of belonging. The strong family response reinforced the need for continued inclusive recreation opportunities.

NEW: SIX-WEEK AUTISM GOLF PROGRAM

Building on the momentum of our putting experience, Swing Chic Foundation is launching a **six-week golf program in Coweta County** for children on the autism spectrum. Participants will learn putting, chipping, full swing, etiquette, and course awareness with instruction adapted to individual learning and support needs. **The inaugural program has reached capacity.**

LPGA GIRLS GOLF - SEASON SIX

We are proud to begin our **sixth season of LPGA Girls Golf**. Through instruction, on-course experiences, mentorship, and community, girls have opportunities to develop golf skills while strengthening confidence, friendships, leadership, perseverance, and self-esteem. We remain committed to creating a place for the next generation of female golfers.

\$5,000 ROTA FOUNDATION GRANT

The Rota Foundation awarded Swing Chic Foundation **\$5,000** to expand access to golf for girls. Funding supports **\$2,400 in professional instruction, \$1,000 in facility/course fees, \$500 in equipment and supplies, and \$1,100 in participant scholarships**. This investment helps remove financial barriers while creating opportunities for girls to grow through sport.

"Every girl and every participant deserves the opportunity to build confidence, develop new skills, and know there is a place for them in golf."

LOOKING AHEAD As we enter the final quarter of 2026, our focus remains clear: **increase access, create opportunities, build confidence, develop independence, strengthen communities, and Make Golf Inclusive**. Thank you to our families, volunteers, instructors, donors, partners, and supporters who make this work possible.
